

KINGDOM K.I.D

“Connecting people to God through soul healing music”

SEEK FIRST THE KINGDOM

Kingdom K.i.d is a UK-based rapper/songwriter fusing faith inspired lyrics with lit hip hop, grime, and drill beats. Going from Gospel to Global, Kingdom K.i.d is releasing his debut album '#Revelation' early next year for February 2023.

His signature sound is a combination of deep, gut-punching lyrics set to uplifting beats. The music of Kingdom K.i.d will challenge, inspire, and impact. Consider yourself saved, sealed, and delivered from anything average.

Kingdom K.i.d. has attracted airplay on numerous stations including UCB and Premier Gospel Radio, becoming 'track of the week'. He was recently given recognition at Texas Gospel Music Excellence awards, International Category, in February 2021.

Kingdom K.i.d aka Francis Johnson-Beke, draws inspiration from real life, hardships and his faith walk. His story – a fall from grace – homelessness – losing it all – emerging as a true overcomer. **As a pastor, he has a heart for people – especially the young, to know God in a way that positively impacts their life.** Kingdom K.i.d won a Mighty Man of Valour award in 2007 for Achieving Against Adversity after setting up a successful youth football team in his local community. He was nominated for a Youth Achievers Award for his service for young people in 2009. He plans to start a youth charity in the future as well as continue making great music.
